PALESTINE REFUGEE PROBLEM:

The Present Position of Irrigation and agricultural Development in Iraq.

This paper was prepared by a British national who is serving as Agricultural Advisor to the Iraq Irrigation Development Commission. It describes the present status of irrigation and soil reclamation projects, with recommendations concerning the order of priority for these projects. It further indicates various internal financial and other difficulties militating against the implementation of certain of the projects. This document was prepared in terms of Iraq's internal development without reference to the Arab refugee problem.
